

(i) Projects for the acquisition of an existing structure, provided that the property to be acquired is in place and will be retained in the same use;

(j) Projects involving Fund financial assistance of \$1,000,000 or less;

(k) Actions directly related to the provision of residential tenant-based rental assistance, Consumer Loans, health care, child care, educational, cultural and/or social services;

(l) Actions involving Fund financial assistance that is used to increase the permanent capital and/or liquidity of an applicant;

(m) Actions where no use of Federal funds is involved in the activity or Project; and

(n) Actions directly related to the provision of working capital, the acquisition of machinery and equipment or the purchase of inventory, raw materials or supplies.

**§ 1815.111 Actions that require an environmental assessment.**

If a Project or action is not one that normally requires an EIS and does not qualify for categorical exclusion, the Fund shall prepare, or have prepared, an environmental assessment.

**§ 1815.112 Preparation of an environmental assessment.**

(a) The Fund shall begin the preparation of an environmental assessment as early as possible after the designated Fund official has determined that it is required. The Fund may prepare an environmental assessment at any time to assist planning and decisionmaking.

(b) An environmental assessment is a concise public document used to determine whether to prepare an EIS. An environmental assessment aids in complying with the NEPA when no EIS is necessary, and it facilitates the preparation of an EIS, if one is necessary. The environmental assessment shall contain brief discussions of the following topics:

(1) Purpose and need for the proposed action;

(2) Description of the proposed action;

(3) Alternatives considered, including the no action alternative;

(4) Environmental effects of the proposed action and alternative actions; and

(5) Listing of agencies, organizations or persons consulted.

(c) The most important or significant environmental consequences and effects on the areas listed below should be addressed in the environmental assessment. Only those areas which are specifically relevant to the particular proposal should be addressed. Those areas should be addressed in as much detail as is necessary to allow an analysis of the alternatives and the proposal. The areas to be considered are the following:

(1) Natural/ecological features (such as floodplain, wetlands, coastal zones, wildlife refuges, and endangered species);

(2) Air quality;

(3) Sound levels;

(4) Water supply, wastewater treatment and water runoff;

(5) Energy requirements and conservation;

(6) Solid waste;

(7) Transportation;

(8) Community facilities and services;

(9) Social and economic;

(10) Historic and aesthetic; and

(11) Other relevant factors.

(d) If the Fund completes an environmental assessment and determines that an EIS is not required, then the Fund shall prepare a finding of no significant impact. The finding of no significant impact shall be made available to the public by the Fund as specified in 40 CFR 1506.6 of the CEQ regulations.

**§ 1815.113 Public involvement.**

All information collected by the Fund pursuant to this part shall be available to the public consistent with the CEQ regulations. Interested persons may obtain information concerning any pending EIS or any other element of the environmental review process of the Fund by contacting the Community Development Financial Institutions Fund, Department of the Treasury, 1500 Pennsylvania Avenue N.W., room 5116, Washington, DC 20220, or such other contact entity designated by the Fund.
